What do I need to do to get my permit?

If you do not have a Washington State ID card please go to www.dol.wa.gov and pre-apply for your first WA license. After you confirm your account, the DOL will send you an email confirmation with your ID number. Once we receive your application with payment and this number we will submit a permit waiver on-line for you. You may then get your permit as early as 10 days prior to your class starting as long as you are 15 years old. Please submit this number or the number on your Washington State ID card to your B&B registration form.

What do I need to do to get a Washington State Driver's License

When you have completed your classroom portion of driver's ed and you are paid in full you are eligible to take the **DOL written test**. The first written test will be administered directly after the last class. Any make-ups will be by appointment.

The DOL drive test may be taken in a B&B car. When you have completed Driver Education, have passed the DOL written test, and have had your permit for at least 3 months you will be eligible to take the DOL drive test. When you feel confident, call the B&B office at 466-2343 to schedule your road test. **Please wait at least 2 weeks after you have completed to call. Dear Parent:

Your student is now involved in one of the most important classes he/she will take during their teenage years. Car crashes are leading cause of death among teenagers. B&B Driving School is committed to developing skills to keep your teenager alive.

Some things about our program you should know:

If made in payments, \$250 to secure a spot, and the balance within the first 4 weeks of class start date. **A \$10 per month late fee will be charged to balances not paid within the first 4 weeks of class start date. Cash or credit payments will only be accepted on or after the last week of class.**

***Payment must be paid in full before DOL testing.**

***Classroom:** Students may not miss more than three scheduled classes or will be dropped from class. No refund will be given. Students are given an assignment sheet with dates and classroom activities. Students must pass a comprehensive test with 80% competency. Make sure they bring their own pen or pencil to each class. **Classes must run at least 5 weeks and not exceed 15 weeks after the last day of class.**

***Simulation:** 4 hours of computer interactive simulation is used to develop good driving habits and reinforce the behind-the-wheel activities.

***Permits:** A permit may be given as early as 10 days prior to the starting of your students' class. Take a certified copy of birth certificate, social security #, \$25, and a parent or legal guardian to the Department of Licensing. Permits need to be brought to each drive. A no permit may result in additional fees. Please have your student pick up a Driver Guide while at the DOL.

***Driving:** Student permit will be required by the second week of class to start drives. Student is required to complete 5 hours behind the wheel, 1 hour observation and 4 hours of simulation. Three hours of drives are required by class 15. Students will be evaluated after each drive. This evaluation will need to be brought home, signed and returned on their next drive. **A \$25 no show or cancellation fee will be charged to students missing a scheduled drive. Parent led driving practice is mandatory between drives. The Graduated Licensing Law will be printed on the back of your students driving log.**

DOL Written and Drive Test: Program includes two written tests and one drive test. Please go to bbdrivingschool.net to read B&B DOL testing policies and procedures.

***Skid Monster Training:** One hour of skid control training using a specially equipped car that teaches the student how to prevent, identify, and correct traction loss. Please schedule training during the last phase of their driver's education class. Training will be available each month for your convenience. Student will need to return the attached release to their teacher if interested.

***Completion:** Your student is complete when paid in full, has attended all classes, turned in and passed all class activities, participated in all drives and has satisfied all requirements stated on the Parent Letter. A student not completing these requirements will result in failure and need to repay and repeat course.

I have read and agreed to the Parent Information Letter and will be responsible for reading the Graduated Licensing Laws brought home on the first day of class.

***Just in time for
“Winter Driving”***

“The Skid Monster” (recently seen on KHQ News)

The “**Skid Monster**” is a vehicle control simulator, a speed control simulator, and a traction loss simulator. It’s an exciting, challenging and unforgettable teacher.

Drivers learn:

- * How vision keeps car control
- * How as little as 1 -2 mph of speed change can be the cause of a major skid.
- * To feel reduced grip between the road and tires, and where the envelope of traction exists.
- * Crash avoidance skills and reacting to secondary skids.
- * How to prevent, detect, and recover from adverse conditions.

New drivers, experienced drivers, young drivers, and seasoned drivers, the Skid Monster gives you the opportunity to practice correct behavioral techniques. The Skid Monster allows drivers to gain confidence while experiencing failure and success in a safe environment. This ***XTREME CONTROL*** encounter is for the entire family.
